WESTLAKE BOYS HIGH SCHOOL
HEADMASTER'S ANNUAL REPORT, 1973

ROLL:

The school roll at the beginning of this year was 1,040, a figure showing practically no change from the previous year. The very buoyant labour market has tended to give us more leaving school during this year than has been the case in the past, but enrolments for next year show no dearth of further customers. Several of those who have left early have not fulfilled the two year pre-apprenticeship requirements, so one can only assume that either the regulations are being severely stretched, or many boys will be unable to gain their trade certificate, in spite of promises made.

EXAMINATION RESULTS, 1972:

School Certificate: of 233 candidates, 161 obtained a group pass entitling them to 6th Form entry. (69% of total).

University Entrance: Of 190 candidates, 131 were accredited and 6 passed the Examination, some 72% of the total.

Scholarship and Bursary: David Crawley, Brian O'Hagan, Stephen Strother and Stuart Gardiner all gained Scholarships, and there 19 'A' Bursaries and 32 'B' Bursaries - an award rate of 73%.

All of these results represent some 15% or more above the national average which should help to dispel the gloom emanating from those prophets who are quoting academic decadence for the younger generation.

STAFFING:

The stability of our staffing has been maintained over the past twelve months with few changes to record. Mr. E.T. Huang left in March and his position was filled by Mr. T. O'Keeffe in Term 2, and in this term by Mr. C.A. Anderson.

Mr. J. Sealy has been on exchange in Britain, and his position has been ably filled by Mr. M. Tomlinson who will be returning to Britain in December. Mr. N. Wooding has been relieving since the beginning of the second term in place of Mr. J. Horner who has been overseas on study leave. Mr. S. Valentine who has been in long-term relieving work will be reverting to part-time teaching next year. At the end of this year we will be losing the services of Mr. M. Kelly who, over the past two years, has given excellent service to Westlake as Head of History Department and master-in-charge of Rowing. His place will be taken by Mr. S. Nield, at present on the Staff of Mt. Roskill Grammar School. Mr. L. Dwyer will replace Mr. C. Ralfe who has been relieving in the Science Department during this year. Other new appointments are Mr. G. Lindsay and Mr. D. Tyler. Mr J. McGuinness will be leaving to a position at Glenfield College.

I would like to express to those teachers who are leaving our thanks for their service, and to all staff members my thanks for another year

of loyal and valued service to our school. In spite of the difficulties and adverse publicity sought for and gained by a few of our students, I regard this as a school where a very large majority of our students gain a tremendous amount from the work carried out, both in the classroom and in the wide range of extra-curricular activities which we can offer, and this is made possible only because of the extensive contribution made by many of the staff.

GROUNDINGS AND BUILDINGS:

Extensive drainage has been carried out over our main fields, and improved conditions were noted through the winter. Extra top-soil is at present being brought in to the soccer fields in order to provide a better grass cover and playing surface.

The addition of two new art-rooms has recently been completed, and is proving a tremendous asset compared with the previous unsuitable suite of rooms which served our Art Department.

Additional office space is enabling us to re-organise our main office, and Mrs. Lightbourne can now handle telephone calls without the discordant accompaniment of the duplicator, and the extra space is giving added efficiency.

The provision of terraced seating near the Pavilion represents a valuable asset to the School, and we are indebted to Mr. Phillips, President of the Parent-Teacher Association, and parents, for several working Saturdays in providing this amenity.

BOARD OF GOVERNORS:

Our Board was re-elected in May for a three-year term with Dr. Shepherd replacing Mr. Finer who retired from Office. A further term as Chairman by Mr. McIntosh is something welcomed by Staff and Students who recognise the liberal guidance given by Mr. McIntosh to the Board in arranging frequent meetings of Board members with Staff and Students. The recent invitation to a Staff Representative to attend Board meetings is a further move to strengthen lines of communication within the School.

The School has had a sub-committee of Board, Parents, Staff, ex-Pupils and friends who have raised some \$4,000 for rowing equipment, and I wish to thank Mr Darlow and his committee for their generosity in making the impossible happen in the form of a new Rowing Eight with necessary trailer.

SPORTING AND CULTURAL ACTIVITIES:

A very full range of sporting activities has been offered this year with widespread pupil participation. I would record the following high honours gained during the year.

1. The Senior Soccer XI has won the Auckland Secondary School's Competition for the second year running.
2. The Cricket XI is leading the Senior 'A' Competition with two matches still to be played.
3. Michael Craven, of Form 6, has gained the highest honours as a cornetist in being selected for the New Zealand National Band for

its extended tour next year.

4. Rex Lamb has won national representation in the O.K. Dinghy Yachting Team competing in Australia in January next.
5. Pieter Hos has won First Prize in the Alliance Francaise Competition for senior secondary students - a very coveted honour in the language field.

These highlights can only accentuate the considerable depth on a wide front of our academic, sporting, musical and dramatic activities. I cannot speak too highly of the tremendous contribution made by Staff, Parents and senior boys to these activities.

* * * * *

This year marks the completion of ten years that I have had the privilege of being Headmaster of this School - each year in itself a challenge and with its own rewards of loyalty and successes, and its frustrations and failures, with fortunately, the former group outweighing the number in the latter.

Over the years, we have made concessions to liberalising our policies and curriculum, but also we have held firmly to the features of the past which have stood the test of time, and I make no apology for this policy. In the field of Student Government we have, this year, combined the orderly administration of a group of Prefects on an equal status with a Student Council which has brought through policy recommendations and has fostered cultural and extra-curricular activities. I would commend the prefect group for their valuable assistance in keeping this School functioning smoothly, an attribute which I know is valued by the majority of the pupils, and at the same time the Student Council has prepared a varied programme ranging from a highly successful and educational motor week, to Socials, and to the fostering of interest in a Student Recreational Centre for Westlake, which has to date, with the co-operation of the Parent-Teacher Association and the senior students of the Auckland School of Architecture, produced plans which will be on display in the near future.

The key to the success of this year has been the co-operation and mutual respect of the two student groups, together working out constructive measures for the good of the school. I hope it has set a worthwhile pattern for the future. One would only hope that comparable progress could be made with the long promised staffing ratios and improvements from a Government which is enjoying the most prosperous years that New Zealand has ever known. I continue to remind the Minister of Education that this School of over 1,000 has only one administrative assistant, whereas all co-educational schools even of one quarter of the size have two such assistants. The Minister has not told me how he expects one such person to cope with all the difficulties presented by 1,000 boys - I am glad that he recognises the need in all co-ed schools, but would hope for equality of recognition and acknowledgement of a large problem in a large school.

(R.W. MacMillan)
Headmaster

"TECHNOLOGY AND THE ENVIRONMENT"

Speech of Mr R. Norman to Senior Prize-Giving

It is usual on an occasion like this for the visiting speaker to praise the virtuous and the successful, to commiserate with those of you who have yet to suffer the slings and arrows of the outrageous fortune of the examination room, to wish well those of you who are leaving, and to inflict on all of you the traditional homilies and exhortations concerning your future place in society.

But I have something else to talk about. This is Technology and the Environment, and perhaps I could start with a true story.

Back in 1949 I was a Construction Engineer engaged in building a steel rolling mill in South Wales. It was a massive undertaking, involving several large contracting organisations, and the bill for the lot was about 100 million.

My particular job in this work was supervising the erection of some 15,000 tons of structural steelwork. One day I was inspecting a line of columns on top of which were being welded some heavy steel girders on which would run the over-head gantry cranes. This day I found that one of the columns had not been welded to the Girder system. So next time I saw the welding foreman I said "Jimmy, you haven't welded up the girder bearing at column A39". James Aitken was a hard-bitten scot, and I hardly expected the sort of reply he gave. "But mon, ah canna weld the bearin'!" "Why Jimmy?" "Cause there's a wee birde settin' on a nest on the bottom flange o' the girder!"

I went along with him to have a look. All around column A39, construction was in full swing. The noise from pneumatic wrenches, chipping hammers and construction equipment was deafening. Yet there, right behind the stiffener, on the bottom flange on the girder was a Robin in a nest with three eggs.

That bearing remained unwelded until the late spring. Thus, in the harsh metallic glitter of this technological age, there is still room for sensitivity and compassion. And really that's what this talk is about. Technological development is transforming much of our environment. That it is essential in our continued quest for a better living is hard to refute. But there are ways of doing this, having regard to such things as dignity, humility and sensitivity. Somehow we must achieve this reconciliation between development and conservation.

But first, let me dwell for a moment or two on the quality of some of our technical work in New Zealand. Here on the stage I have an instrument known as an Optical Theodolite - this is used in surveying.

It is a good instrument in its class, but it is by no means a rare one, and many such theodolites are in daily use by engineering organisations. You may be interested to know that this instrument is capable of reading angles directly to one second of arc. Put another way, this theodolite can split the horizon into a million parts and measure them all, and it can define an object one inch in size from three miles away.

You may well ask the question "so what, why the need for all this accuracy, this sophistication?" Well I'll give you one reason.

When we build a large hydro-electric dam across a river valley, I think you would agree that the system needs to be reasonably watertight. The dam must fit into the country so that there is a good seal against leakage all around. But what happens when the lake fills up behind the dam? The earth's crust deforms with the weight of water. Take Benmore Lake for example. It weighs two thousand million tons, and it did not exist ten years ago. The rock of the earth's crust is only 10 to 20 miles thick and it bends under such a load like any other material. This has a considerable influence on the design of the dam and we need to know what deformations to expect. But how do we measure them? If we are working close to the dam all our measuring points move with the rest of the country, so this does not help. So what we have to do is set up stations many miles away and measure very long distance with extreme accuracy.

We have just experienced a very interesting problem in this precision survey work. At present we are establishing base measurements in the Waitaki basin so that movements can be observed when the massive hydro-electric development is completed. To get these measurements, we are using Electronic Theodolites known as Geodimeters which measure distance by determining the time it takes a beam of light to do the return journey between two survey stations several miles apart. And we found we had a problem. When we did the measurements at night, the answers always came out a little bit longer than the same measurements taken in the daytime. It was only a centimetre or two in a distance of ten kilometres, but it was quite definite and well outside the limits of experimental error. Quite a bit of head-scratching went on until someone lighted on the answer. You probably all know that the speed of light in a vacuum, or in space, is 186,000 miles per second. In air it is very slightly less than this, and in water considerably less. In fact its speed depends on the density of the material through which it passes.

Now at Waitaki it was found that at night-time a mass of cold dense air descended into the valley, only to dissipate with the heat of the sun next day. Consequently the electronic impulse at night took longer to do its return journey, and the instrument obligingly gave a higher reading.

Now we know better. We measure the air temperatures en route. But there is sure to be some other little green man lurking around the corner, ready to dole out the next problem!

"All right" you may well say "but what has this got to do with the environment?"

Before I answer that question, let me tell you another true story from my travel diary.

In 1956, when in Los Angeles, California, I visited a construction project where the highway department was putting in a \$220 million interchange complex between two freeways - a bit like the spaghetti bowl in Newton Gully; Some years later I was back in California and I asked the same engineer how the job worked out. His reply was a classic:

"Well Bob, you recall that spot of traffic congestion we ran into that day in Downtown L.A. at 17th and M? why, since we put in that interchange, that congestion has gone. In fact, it has moved on down to 23rd and Q: It looks as though the operational was successful but the patient died."

What does this imply? Does it mean that Americans drive too many motor-cars or that civil engineers are a bunch of "nongs"? I won't argue that, but what it does mean is that notwithstanding the advanced state of the art, technology still remains a step or two behind the needs of society. We solve problems, only to produce others.

This is how it is with the environment. The Los Angeles traffic interchange is an example of the continual influence of the dynamics of technology. Nothing is ever really totally solved, and the hallmark of survival of both primitive and sophisticated societies is the need to go on struggling and to chart unknown territory.

We are learning too that many problems of our environment arise not only from scant disregard of our obligations, but also from the most altruistic of motives, backed up with the best and latest of scientific resources.

When you come to look at things, this is the way mankind has operated for thousands of years. Man has striven to improve his lot, to solve problems, only to produce further problems in turn, yet all the time moving forward in his cultural and social development.

Now we have an additional factor - a greater degree of public awareness about our environment. No longer are people prepared to accept without question the product of the technologists' skills and labour. This is certainly how it should be, and those of us who are engaged in public works and development must accept this as a fact of life.

But there is another side to this question. Public criticism must be more than simply the strident voices of protest groups and doomsday prophets. What the technologists are entitled to expect is properly reasoned, soundly-based, unselfish criticism. This doesn't always happen, and there are occasions where works of national importance have been prejudiced by pressure groups with limited objectives.

Now where do you fit into this environmental scene?

You are about to move into a society which is struggling with many conflicting pressures. It will not always be easy to gain a full understanding of the issues involved. Yet in my opinion, two facts stand out clearly.

First, technology must not stand still, there are times when you will be discouraged by failures or by criticism. These are not the times to opt out of the system and sigh for the horse and buggy days. These are the times for challenge, inventiveness and superb technical effort. History has shown again and again that the big break-throughs in scientific endeavour have happened when things have been the blackest. The very technology which has produced our environmental problems is capable of solving them, and it's up to you to see that it does.

Second, if you are on the other side of the fence, don't be too easily satisfied with what the technologist has to offer. Remember that in the long run the standard which technology achieves will be the standard that society demands of it. In other words, as a client you will get exactly what you deserve, neither more, nor less. Many of the poorer features of our environment have resulted from the fact that nobody has cared or because any criticism offered was uninformed and thus unhelpful.

So there it is.

We must go on building things, growing things and fetching and carrying things. And it is soon going to be your job to do this wisely and with proper regard to our environment. Your parents and grandparents worked hard and solved many problems - problems of poverty, disease, lack of communications, lack of shelter or comfort. Now these are largely solved, they have been replaced by problems of the environment, and these are being handed down to you.

How will you cope with these?

Your success will depend on your own personal attitudes and involvement. You will hardly be effective in applying the best of skills to environmental care if you litter the streets with paper, or the beaches and picnic grounds with broken glass. But if you are sensitive and are aware of the response of the environment to everything you do, then half the battle is won. Technology will catch up with the rest.

And so my message to you, is simply this - anything which science and technology can achieve will come to naught, unless you yourselves show two basic qualities - sensitivity, and humility - sensitivity, because in the long run, it is the little things that count - humility, because in influencing the environment, you are dealing with someone else's garden, not your own.

To those of you who will be returning next year, may I say: Be proud of your college, but, more important, put something into your college of which you can be proud.

To those of you who are leaving to travel hopefully with the rest of society, let me pass on to you the words traditionally spoken by the Maori Chieftans of old when they handed down to their successors their robes of office:-

Be Strong, Be Brave, Be Steadfast.
Kia Kaha, Kia Toa, Kia Manawanui.

Good luck - New Zealand is waiting for you, and now, it is to be - your turn.

P.T.A. REPORT

The P.T.A., under the chairmanship of Mr Phillips, has had another very successful year. The beautification programme has almost been completed under the direction of Mr Phillips. Shelter walls/seating and terrace seating, have, with the help of members and senior students, been completed. The Report Evenings and Careers Evening have continued with increasing interest.

This year a Wine and Cheese Evening was held, to further parent/teacher relations. An Open Night was held to give parents a chance to see the new Art Block and plans, submitted by Architectural Students from the University of Auckland, for the proposed Student Community Centre to be built at the School.

WESTLAKE BOYS HIGH SCHOOL

SENIOR PRIZE LIST 1973

FIFTH FORM PRIZES:

1st in Form 5 General	A.J. Boyle
" " " 5K	W.P. Russell
" " " 5B	M. Freeman
" " " 5A	N.D. Clark
" " " 5 Physics	R.A. Parsonson

Seated: Mr. McMillan, G. Rich, G. Forsyth, L. Jones, Mr. Lewis.

STUDENT COUNCIL 1973

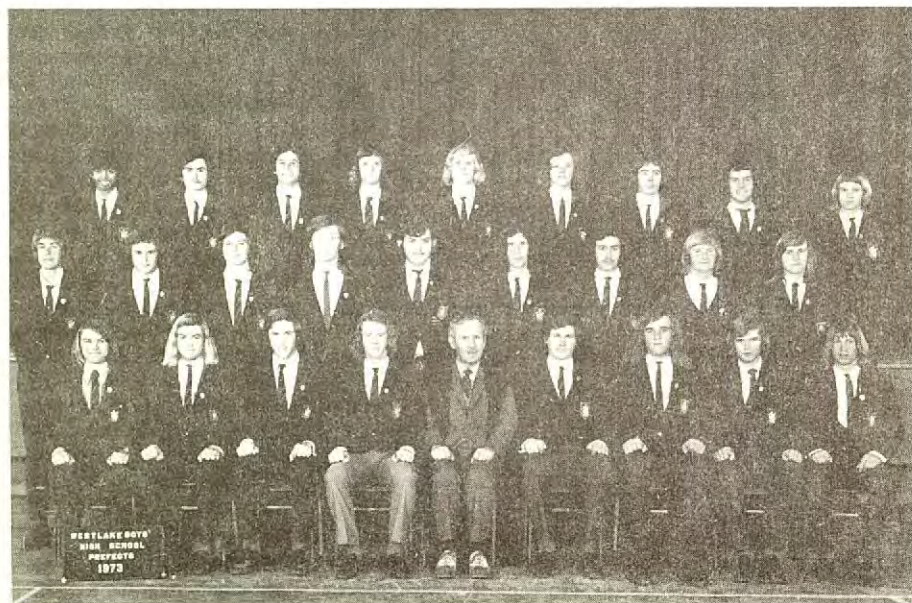

The Student Council has, I think, had its best year in 1973. This can be attributed to the fact that it knew where its place was and what its functions were. The two-body, Prefect-Student Council, system operating in the school worked extremely well and was assisted immensely by the character of person in both bodies and strong ties amongst executive members and prefects.

As I mentioned last year the Student Council needed to widen its sphere of influence and take on an organising and running role rather than one of actual change. This it has done and throughout the year there have been many examples of functions organised and run by the council. The most obvious ones are the swimming sports, motor week, culture week, various pop groups for lunch time entertainment, various bus trips away supporting sporting functions and of course the usual dances. These have I think been genuinely favourably accepted and in many cases offer themselves for expansion and platforms on which new and better forms of school activities can be built next year.

There were several highlights throughout the year and the Student Council Conference for all Auckland Schools organised by Westlake and held during the August holidays was perhaps the most important. The number of schools represented and the number of delegates present was disappointing but it did make quite a few suggestions on a variety

of subjects which went to the Minister of Education. It has been planned that a similar conference and possibly more frequently held social functions be organised for 1974. Westlake has volunteered to organise the conference for 1974. Highlight of a more general nature has been the very successful and often controversial cultural assembly speakers who have included Sir Dove Myer Robinson, debate on the Springbok issue and speakers from the Gay Liberation Front.

Several long-term aims have been reached or furthered this year. During the latter part of the year David Rankin and myself have been attending B.O.G. meetings and the B.O.G. have agreed to having observes from the councils of both the Boys and Girls schools attend meetings starting from the beginning of 1974. The B.O.G. has also agreed to allow the council to open its own bank account which it will do in 1974 with money earned from lunchtime entertainment and Motor week totaling \$150. Perhaps most pleasing is the progress made on the building of a student complex with the establishing of a committee comprising two council members, two B.L.A. and two B.O.G. representatives and the Headmaster. This committee has already discussed, informally, the matter with Education Department officers and have been lucky enough to have senior architectural students produce their impressions of what the complex could look like.

PREFECTS 1973

Back Row: R. Patel, J. McPetridge, G. Lyons, G. Wright, T. Day, D. Wright C. Blackwood, S. Edmiston, B. Manning.
Middle Row: I. McLaren, C. Hunt, M. McMaster, H. McCook, I. McGillivray, W. Hutchinson, B. Farquharson, P. Hos, G. Edmonds.
Front Row: J. Hosking, M. Lonie, P. Baker, L. Jones (Head Prefect), Mr. McMillan, G. Forsyth, G. Ball, R. Wilks, S. Rae.

RUGBY FOREWARD 1973

This year nine teams represented the school in regular Saturday competition. This was one team less than last year, but it still meant over one hundred and seventy boys playing in Saturday games.

Unfortunately no major grade championship wins came our way, but at the same time the 3A, 3B and 1st XV teams were right in the top bracket in their grades.

In the grade teams attendance of practices left much to be desired. When players realize that games are won and lost on the training field and turn out to all practices better results will soon be achieved.

It was good to see a senior boy coaching our 6A side. Martin Cummings with assistant John Henderson did a great job.

The school's thanks go to all coaches, parents, players and supporters for making 1973 a good rugby season.

THE FIRST FIFTEEN

This year's 1st XV was more successful than many people thought it would be, mainly because of the excellent team spirit which developed during the season. After losing to Mt. Albert and to St. Kentigerns in the first two competition games the team pulled itself together and won the next four in a row, and in doing so defeated Kings for the first time. However in the next three games we became a little over-confident, and as a result suffered two losses and a draw, the latter against the bottom placed team - Rutherford. Then for the last two competition games the team produced its best rugby of the season; beating two of the hardest teams in the competition; Auckland Grammar (which was probably the highlight of the season) and last year's winners St. Pauls. The performance of the team was all the more creditable as it was one of the youngest XV's that Westlake has fielded, including many fifth formers - with only Geoff Ball and Chris Hunt returning from last year's XV. However most of the credit must go to our coach, Mr. Butt, whose enthusiasm and willingness to help the players, especially the more inexperienced members, guided the team to many satisfying wins through the season.

The final record of 16 wins, 6 losses and 1 draw and above all our placing of fourth in the competition (one point off second place) gives a good indication both of Mr. Butt's ability as a coach and of the team's spirit. This surely must have been one of the most enjoyable seasons on record.

W.B.H.S. PRACTICE MATCHES

The first XV played five pre-season games. In its performance the team did not come up to expectations but showed promise and above all spirit. The games played were against Rangitoto - won 16-8 (school scores first), Rosmini - won 25-4, Penrose - won 33-13, Northcote - won 62-0, Glenfield - won 13-3 and later on in the season against Takapuna 3rd Grade a good game which we lost 9-16. These served as good build-ups for our later matches.

WESTLAKE V. TAKAPUNA GRAMMAR

This season with only 2 members of the previous year's 1st XV back, we though we might be in for a tough time against Takapuna Grammar who had 9 members back. This annual blood match turned out to be a thriller with Westlake just managing to hold on to a slender 16-13 lead when the full-time whistle blew.

The weather was fine and hot as the two teams ran onto the field. Most Westlake supporters were a little apprehensive with the XV's untried and unproved combination. However, their fears appeared to be unfounded as first Neil St. Clair, then Brett Garea scored tries in the first half. Richard Falwasser converted one and with Takapuna scoring only a penalty the half time score was 10-3.

Soon after the start of the second half, Richard Falwasser ran the blind side close to Grammar's line and with a deft dummy crashed across to score in a handy position for the conversion attempt. He converted with little trouble to make the score 16-3. It was at this point that the trouble started for Westlake. The team started to get loose, with forwards lacking unification in rucks and singleness of purpose in the loose. The backs' tackling too became shabby. This allowed Grammar to display its fighting ability and with two tries and a conversion came back to only 13-16 down. The play fluctuated from end to end with both teams defending stoutly. However when the full time whistle blew the score was still 16-13. Overall Westlake had the edge over Takapuna Grammar and the combination used in this game proved to be good basis for what was probably Westlake's most successful ever 1st XV.

WESTLAKE V MT. ALBERT GRAMMAR

This was our first competition match and it was played in perfect Rugby weather. Although Westlake lost this game it should be mentioned that the team played outstanding Rugby, with special credit to the team's fine defence during the second half.

Westlake kicked off and immediately went on the attack. But it was Mt. Albert who drew first blood with a fine backline try, which was converted. From the restart Westlake again attacked and was finally rewarded with a penalty. For the next 5 minutes the game saw-sawed up and down the field with both teams narrowly missing scoring opportunities. With 10 minutes till half time Falwasser kicked another penalty. Our lead was shortlived, for from the kick off Mt. Albert scored their second unconverted try. It was almost half time when flanker B. Purvis running from a ruck in front of Mt. Albert's posts placed a perfectly timed grubber kick over their line, which C. Hunt pounced on to score. With the conversion Westlake led 12-8 at half time. The only bad point of the match was the loss of Steven McCulloch, our fullback, who was dropped by a head-high tackle and had to retire in a semi-conscious state.

The second half was all Mt. Albert's. They played with fire in the forwards and speed in the backs. Mt. Albert ran into two more tries (both unconverted) plus a penalty in the second half but it was only Westlake's great defence that kept the score at a decent level. Late in the game Westlake threw away a couple of scoring opportunities by electing to kick from penalties instead of running it. The game ended with Westlake kicking a penalty, ending the game 23-15. Scorers: C. Hunt, try. Falwasser, 1 conversion, 3 penalties.

WESTLAKE V ST. KENTIGERNS (At Westlake)

A strong breeze was blowing from the south for the second competition game of the season and Westlake elected to play with the conditions. The home side played well during the first half with Chris Hunt scoring a runaway try which covered half of the field and was converted by Richard Falwasser. The score was 6-0 when the whistle blew for half time. But in the second half, with the wind behind them, St. Kents. attacked with more purpose. Westlake had trouble containing their inside backs and eventually they slipped through to score two tries. The star of the match was Captain Geoff Ball and the final score was 8-6 to St. Kentigerns.

WESTLAKE V WHANGAREI BOYS HIGH SCHOOL (At Whangarei)

This year's annual match against Whangarei Boys was played on Rugby Park, Whangarei in very hot and tiring conditions. In the first stages of the match the run of play was fairly even with both sides making good breaks. Towards the end of the first half Westlake began to dominate the play. The first points came when En Wikiriwhi picked up a loose ball near the line and dived over for a try. Richard Falwasser converted the try. Soon after Whangarei retaliated with a try, making the half-time score 6-4 in our favour. From the start of the second half Westlake again applied the pressure. From a scrum about five yards out from the Whangarei try line, Michael Stanley picked up the ball and dived over for a certain try. But unfortunately the Referee did not see it and it was consequently not awarded. Whangarei led for the first time when they scored another unconverted try. Westlake now trailing 6-8 began to put everything into their game. Richard Falwasser who was playing a great game banged over 2 penalties, both from difficult angles. At full-time Westlake came out winners, by 12 points to 8.

WESTLAKE V HATO PETERA (At Westlake)

The paddock was firm and the weather good when Westlake and Hato Petera ran onto the field. The home side, playing on turf well known to them, and spurred on by good spectator support, felt confident of success. Hato Petera would have no chance of clinching a certain victory from them the Westlake side thought. However the visitors had excellent morale and a team spirit that would carry them into a game where it would be tested against the powerful Westlake opponents. A stalemate ensued for much of the game both sides suppressing attempts to charge for the line. When Hato Petera did make a break, the players with the ball lacked the support they so deservedly needed. Westlake had a chance at last won the ball was charged down by Chris Hunt on halfway. Retrieving it he hurled himself through the shattered defense to the goal line to score the only try of the match. Both sides kicked two penalty goals of which Falwasser kicked both for Westlake enabling Westlake to come out on top 10-6.

WESTLAKE V OLD BOYS

The annual Old Boys match played during Queen's Birthday Weekend was fought in a fine spirit. The Old boys eventually came out on top with an intercept try towards the end of the match. They deserved to win as they scored 4 tries to the schools 1. The final score was 13-16. Scorers: G. Ball, Penalty, Try, C. Hunt, 3 penalties.

WESTLAKE V KINGS (At Westlake)

This was the first wet game of the season and the school XV played well-controlled wet-weather Rugby to beat King's College 13-10 in a hard-fought game. While the ball was dry both teams tried to spin it but on the wet field the lighter but determined Westlake pack dominated the forward battle. The half-time score was 6-3 with Westlake's points coming from Richard Falwasser. Attacking well in the second half, Westlake were still willing to run the ball, even on defence. S. McCullough proved this by running from inside the school 25 to pass on to M. Lonie, who ran well to put G. Ball in under the posts. The try was converted by R. Falwasser, taking the score to 9-6. Westlake forwards pushed the King's opposition back in both tight and loose scrums, winning most possession of the ball. The final points for Westlake came from a try by M. Stanley who forced the ball after Kings was pushed over the line from a scrum 10 yards out. Kings fought back well to score a try in the corner, taking the final score to 13-10. Special mention must go to S. McCullough who fielded the wet ball brilliantly, and whose performance throughout the rest of the season was excellent on both attack and defence. The team was more than pleased with the win as it was the first time a Westlake side had beaten a King's team.

WESTLAKE V SACRED HEART

The 1st XV gained its 3rd win in a row with a 14-9 victory over S.H.C. A large band of supporters was on hand to see a well-deserved win. Though conceding three early points, the first half was dominated by Westlake, with both forwards and backs combining well to run up 11 points. A good supply of ball from the forwards was put to great effect by the backs, who made very few mistakes and were always dangerous. Set off by accurate service from M. Nichols - who played his best game of the season - the backs applied the pressure with S. Rae making many determined and dangerous runs. Sacred Heart rallied well in the second half and probably had the best of this half. Attack, counter-attack and good defence by both sides characterised play, with the only points scored coming from a Westlake penalty. The player of the day was undoubtedly Geoff Ball, who had an outstanding game. Stephen Rae and Austin Harris scored tries, while R. Falwasser and C. Hunt kicked penalties. Sacred Heart scored a converted try and a penalty.

WESTLAKE V OTAHUHU

After being up 10-nil at half time, with tries scored by M. Lonie and a conversion by R. Falwasser, a strongly-combined Otahuhu side found holes in Westlake's defence, and their big winger Saseve was put over for 2 tries. Soon after 4 more points was added to Otahuhu's score and Westlake found themselves down 12-10. With only minutes remaining Westlake turned from defence to attack, with two determined breaks led by R. Falwasser. The second of these ended in a penalty in our favour, and nail-biting supporters were relieved by the decisive right boot of R. Falwasser.

WESTLAKE V KELSTON BOYS HIGH SCHOOL (At Kelston)

In a match marred by the conditions Kelston Boys ran out the victors by 16-11. In the first half when the conditions were near perfect Westlake played some of its best Rugby of the season to be up 11-0 at half time. Michael Stanley scored a good pushover try and M. Nicols an early try after a brilliant passing movement up the field where

most of the members of the team handled. Richard Falwasser also kicked a penalty. In the second half it was a different story. A strong wind came up very unexpectedly with Westlake playing into it. Kelston lifted its game considerably and Westlake found itself defending for the first time. A lucky 50 yard drop-kick by Kelston's half-back enabled them to get back into the game. Westlake's game dropped rapidly and the score changed till the final whistle where Kelston won by 16-11. Pick of the Westlake forwards was Geoff Ball and Steven McCulloch played his usual first-class game at fullback. Scorers: M. Stanley, M. Nicols, tries; Falwasser penalty.

WESTLAKE V THE REST

This match always turns out to be a hard-fought encounter and this year was no exception. A possible reason for this was the vying for some 1st XV positions by opposite numbers in each team. The Rest made up of teachers and pupils put up a spirited display against the XV eventually going down 11-3.

WESTLAKE V RUTHERFORD (At Rutherford)

Played on hard turf in ideal conditions Westlake was lucky to draw with the low-rated Rutherford XV. Through lack of determination and respect for the opposing XV, Rutherford were able to run Westlake into basic mistakes. Maybe the School Ball was still imprinted on the player's minds but nevertheless there was no excuse for the way the team performed. Rutherford played with the utmost dedication and capitalised on a bad pass to score their only try. The halftime score was 0-4. The second half produced no better results. Westlake subsided under pressure and the Rutherford backs were quite dangerous at times. Westlake soon got the message and was saved by a last-minute try by Chris Hunt making the final score 4-4.

WESTLAKE V ST. PETERS COLLEGE (At Westlake)

St. Peters, having just been promoted from the B Grade this season, were determined to make their promotion warranted. The two forward packs were evenly matched and it was only the determined kicking by St. Peters in the second half that gave them the good to put up the necessary points which gave them a 17-6 victory. For Westlake S. McCulloch kicked 2 penalties. If we had played with the conditions in the 1st half it would possibly have been a different result.

WESTLAKE V FAIRFIELD (At Fairfield)

After a long and tedious bus journey the Westlake XV had an uncertain beginning, playing 10-man Rugby in which tightheads were lost, lineout ball was fumbled and rucking was poorly executed. In the backline what ball was secured by the forwards was poorly utilised and kicks were misjudged. It was during this period that Fairfield played their best Rugby, but misdirected passes and sheer bad luck stopped them from scoring in the first half.

In the second half after a hard team talk from Mr Butt the team began to play Rugby as they were trained to, scrummaging improved, line out ball was controlled and contested for, and rucking began to produce results. The backline was rearranged and with crisper passing and harder running opportunities for scoring were on. The game ended well for Westlake with a 17 point lead which although not totally deserved was satisfying. Final Score 20-3.

WESTLAKE V AUCKLAND GRAMMAR (At Westlake)

On a fine day and soft turn Westlake and Auckland Grammar ran onto the field in what was to be a hard-fought match. We knew we would have to at least hold them in the forwards and certainly try to contain their backs. After a few minutes of the game we could see that our forwards had the slight edge over their pack, and therefore we had to keep the pressure on. Approximately ten minutes into the first half we suffered a loss when Austin Harris, our right flanker, had to leave the field with a broken right arm resulting from a ruck. However, with our forwards still shading theirs, with the sure tackling by our backs, and loose forwards quick to the ball, we managed to contain both their backs and forwards. This was the general run of play throughout the whole match. B. Purvis scored a good flanker's try and C. Hunt kicked two penalties, to a converted try by Grammar. The final score was 10-6 to Westlake, one which was deservedly won and which everyone enjoyed as one of the most memorable matches of the season.

WESTLAKE V ST. PAULS

Westlake took the field against St. Pauls determined to win their last championship game. The weather was harsh and both teams were anxious to start. St. Pauls attacked first, their backline almost scoring on a number of occasions, until about 10 minutes from the start when Westlake started to come together, the forwards combining well to give the backs some ball. About halfway through the first half Chris Hunt was successful with a difficult penalty goal. From that point until just before halftime the game was very even, but St. Pauls managed to score an unconverted try to give them the lead at halftime. In the second half Westlake started to take control of the game, with the forwards winning some good ball. It wasn't long before Chris Hunt was successful with another penalty goal to make the score 6-4 to Westlake. Mid-way through the second half Westlake scored again when Geoff Ball broke from a ruck on St. Pauls' 25 yard line, passed to Brett Garea who was in position to crash over for a try, which was unconverted. Now it was St. Pauls turn and before long they scored an unconverted try which made the score only 10-8 in Westlake's favour. With both teams continuing to attack it was only brilliant covering by Murray Lonie that stopped St. Pauls from scoring in the corner on one occasion. Five minutes from the end Richard Falwasser had to leave the field with a leg injury. He was replaced by Fred Schaumkel. By the time the final whistle went Westlake was starting to get on top again. A happy but sore Westlake Team left the field, the only player not smiling being Murray Lonie, who had mild concussion. However, the biggest smile was on the face of Mr. Butt. The team was very proud to get this win for him and to finish the championship on a very high note.

WESTLAKE V SHIRLEY BOY'S HIGH

The final game of the season was played against our traditional rival Shirley Boy's High in atrocious conditions brought on by several days of rain. The team took the field minus G. Ball, glandular fever, D. Abercrombie, flu, and with Roy Stewart and Austin Harris still on the injured list. The team was not at full strength but nevertheless Rory Thomson and Ian McLaren proved ideal substitutes and it was only the conditions which prevented us from gaining a much higher score. The play see-sawed throughout the first half, but in the second half we gained a distinct territorial advantage because the forwards were on much better form and combining well with the backs. Chris Hunt scored near the corner, and from then on the team continually improved its performance, enlightened by scintillating breaks by R. Falwasser supported by the forwards. Shirley's goal line was well pressured and their defence became desperate. Several tries by Westlake were disallowed and the final score remained at 7-0.

THE SECOND FIFTEEN

Though less successful than expected the team maintained a good spirit and often played excellent rugby. Capable of beating most teams, defeat usually came from the inability to sustain a determined effort for the full game. Too many gentlemen and too little guts in tackles, rucks and running. It remains as always a tough proving ground for future 1st XV and club players. Players of particular merit and promise: 'Barrel' St. Clair, Nigel O'Brien, Fred Schaumkel, Bruce Stevenson, and of course the co-captains Dave Wallace and Ian Hamilton. Coaches' thanks to all these who played now and then and those who kept trying in spite of losses, practices and the coach.

RESULTS

Competition : versus	M.A.G.S.	Lost 6-78
	St. Kentigerns	Lost 10-13
	Mangere C.	Lost 4-20
	Hillary C.	Won 10-0
	Kings C.	Lost 0-6
	S.H.C.	Lost 4-17
	A.G.S.	Lost 0-31
	K.B.H.S.	Won 26-10
	S.H.C.	Lost 3-16
	Mangere C.	Lost 9-11

Non- Competition :		
Versus	Kings	Won 12-9
	Whangarei	Lost 10-26
	K.B.H.S.	Won

3A RUGBY

3A compiled an impressive record, in 1973. By finishing runners up in its competition the team at least equalled the performance of any other A grade team of the school.

John (George) Duncan captained the team from breakaway. Sean Cavan kicked goals mostly from in front in the 36-4 win over Oats. Arron Heath, the dear, scored in a move from W.B.H.S. 25 in the 10-0 win over Kelston.

John (Rowdy) Smart notched 2 tries in the next game Hato Petera 20-4. Kevin left for Green-er pastures after this game. Greg (Loosehead Len) Payne learnt some geography in 73, more about rugby, and quite a lot about keeping mice in cars. In the 6-6 St. Pauls game G.P. kicked an important penalty. Leslie Sirl scored in the 4-3 home win over Kings. Kings won the competition and this was their only loss. Mark Hickford at first-five was safe and reliable in this game, as he was throughout the season. Sacred Heart was the relapse game and a scrambled 12-7 win thanks to Michael Mills. Andrew (I want to get U.E.) Scott helped in the 9-7 win over St. Kents by putting his books away for a morning. Jeremy (J.J.) Jackson was our Takapuna man but what about a Ponsonberrie? John Cotton and Richard Garrett both scored in the 15-4 win over St. Peters Christians. Grammar was the crucial game. They were too good, and a 14-0 loss resulted. MAGS were beaten 9-8 David Wright here showing his continual improvement by varying the play well from halfback. Ian McLaren and John Williams were good value at lock and lineout and tight play. Nigel Edmiston spent much of practice time reclining on the turf. Stephen Ander came in as a replacement and showed much promise as full-back. Ian Abercombie and Rory Thomson gave honest performances, but needed those bandages. Thanks to the Mums and Dads as well as to the First Fifteen for their encouraging support, vocal and mobile.

3C PUGBY

We had a very shaky start due to a large surplus of players after the 3D team was abandoned. Although we were not outstandingly successful, the team, towards the end of the season began to mould itself into a co-ordinated XV. We can attribute this fact to our coach, Mike Calder and the fathers who gave the team support which undoubtedly made us play better. Top try scorer for the season was Ian Webster and our kicks were taken by Ian Burt and Keith Schmidt. All players would agree, I think, that the relatively good weather and the high team morale made it a very enjoyable season. Thanks again to coach and players. Games: Played 11, Won 4, Drew 2, Lost 5.

4A PUGBY

TEAM: D. Macleod (Capt), P. Clark (Vice-Capt), P. Morris, P. De Mooij, A. Josephson, B. Pettigrew, D. Johnson, W. Manning, H. Sumeo, H. Dowell, Z. Burdett, K. White, C. Hawley, S. Cummings, P. Davy, M. Lincoln, G. Hailwood, G. Ashbridge.

RECORD: Played 12, Won 5, Lost 7.

PRINCIPAL SCORERS: P. Morris: 2 tries, 2 conversions, 2 penalties - 18 pts. K. White: 6 tries - 24 points.

4A had an "average" year as the records suggests with some good wins and some disastrous losses. The team was well led by Duncan Macleod who always led by example, with good running with the ball, tackling and covering. The backs' collection of moves was capably organised by

Peter Clark. The team's forwards excelled in scrummaging, driving with the ball and backing up. Sadly the backs lacked any real brilliance, with only Sumeo showing any attacking flair, although Morris, Dowell and Pettigrew did have their moments on attack. It was this rather inadequate backline and little sharing of the ball from lineouts combined with poor tackling which cost the team dearly against bigger and more skilled teams. One pleasing aspect was the age of the players, with three 3rd formers and two 4th formers and everyone showed great potential. I wish all the players the best for their future rugby playing.

5A RUGBY

Although result-wise the season wasn't the best the team's spirits were high and members were always ready for a joke. The team had a few good games, especially the games we won e.g. Kelston. Two of our most dedicated players were G. Dobson and I. Frew who always tried their best to bring the team through its trying moments. I can't mention all our dedicated players as there were so many. I would like to thank our coach Mr. Johnson for his enthusiasm, instruction and tolerance for a "something to be desired" team, and I would also like to thank parents for their transport and encouragement.

Coach's P.S.

Gary Chaplin proved a spirited Captain who led by example in all games.

6A RUGBY

TEAM: G. Lynch (Capt), K. Moyle, S. Davies, R. Hawkins, P. Burgess, R. Kelly, R. Bolland, J. Smith, M. Poll, G. Glogoski, W. Glogoski, I. Swedlund, D. Higgins, N. Baudinet, A. Gibson, G. Dewar, P. Turrall, G. Lindsay, M. Cullimore.

RECORD: Competition Games

v Auckland Grammar	Lost 10-40
v Kelston	Lost 10-16
v Takapuna Grammar	Lost 0-8
v Mt. Albert	Won 18-0
v St. Pauls	Won 12-0
v Kings College	Lost 10-28
v Sacred Heart	Won 10-4
v St. Kentigerns	Won 20-0
v Mt. Albert	Won 4-0
v St. Pauls	Won 16-12
Won 6, Lost 4.	

Non-Competition Games

v Kelston	Lost 8-10
v Kings	Lost 0-18
v Otahuhu	Drew 0-0

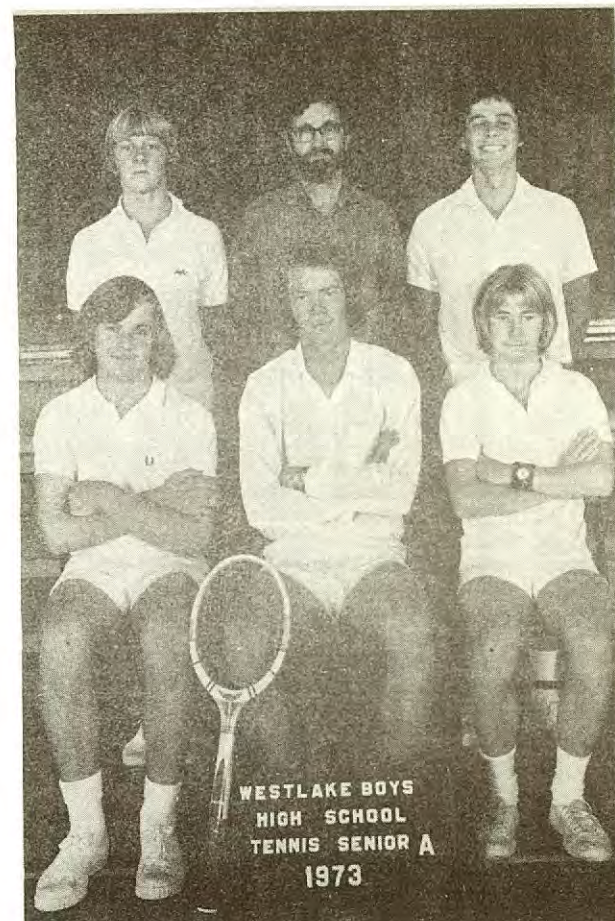

6A had an unsettled beginning with Easter disrupting competition preparation and the draw matched us against the experienced teams first. Having lost heavily in our first game against A.G.S. we still made a reasonable showing against Kelston. Although we lost against Takapuna Grammar I think it was our best performance with good spirited and positive play taking place. After this game we had two good wins and a loss, then we finished the season memorably with four wins. Players to excel were Kevin Moyle at halfback, who

played outstanding rugby throughout the season. Steven Davies played well at first five-eighths and Graeme Lynch played true No. 8 rugby, covering and attacking throughout the season. I would like to congratulate Graeme for his admirable leadership and his selection for the Auckland 11th grade team. In conclusion I would like to thank parents for their support and the transport they supplied and for making this year as memorable to John Henderson and myself as it was to the players.

1st XV

Back Row: G. Chaplin, M. Nichols, E. Wikiriwhi, S. McCulloch,
B. Purvis, D. Abercrombie, N. St.Clair.
Middle Row: S. Rae, R. Stewart, F. Schaumkel, D. Wallace, I. Hamilton,
R. Falwasser, G. Edmonds, Mr A. Butt (Coach)
Front Row: M. Lonie, A. Harris, C. Hunt (Vice-Capt),
M. Stanley (Capt), G. Ball, B. Garea, J. Sayers.

SENIOR "A" TENNIS

Standing: G. Simmons, Mr. Kellett, G. Lyons
Seated: B. Cripsey, L. Jones, E. Fudge.

TENNIS

The Senior "A" Tennis team have had a very good season, winning all of their rounds in the Senior competition. The Senior "B", however, haven't been quite so successful, but nevertheless have shown good team spirit and tenacity.

REPORT ON SWIMMING SPORTS 1973

In the first term of 1973, the annual Swimming Sports were held at Northcote College. For the first time in the meetings history, the organisation of events and judging, as well as printing of programmes was given to the Student Council, under the direct control of the Executive. This in itself was a real test of efficiency, as the programme included 50 to 60 odd events and several hundred competitors. However, the Council did very well and competently organised the prior arrangements, including the provision of charter buses. Another pleasing factor was the cooperation between Council, Staff and Prefects, in the actual running and control of the meeting. Most of the prefects helped by filling roles as judges or time keepers and also special thanks should be paid to others who lent a hand as organisers.

The day saw the completion of all the events, which in some senses was somewhat of a miracle. I think it would be fair to say, judging the pupils reactions, that a good day was had by all. Despite problems that arose afterwards, the organisation on the day was well handled by all concerned, especially Grant Forsyth and David Rankin. As usual, after the meeting a school representative swimming team was selected and special congratulations should be extended to S. Molving, who won several titles during the Sports and was also chosen to represent the school.

In the North Shore Inter-School Sports Westlake performed well to come second to Northcote with Wayne Hutchinson and Stein Molving putting in some good performances. This year there was a tie for Junior Champion - D. Voyce and N. Molving. In the Intermediate section S. Molving was a clear winner with 3 first, 2 seconds and third. In the Senior section G. Lyons was Senior Champ.

3rd Form

YACHTING

Once again keen crews were able to train in Wednesday afternoon sport periods. The school again put on a good showing at the Inter-Secondary School Championships. These races were sponsored by the Wakatere Boating Club in Sunburst dinghies. Adrian Hamer and Rex Lamb were close to retaining their previous year's supremacy this year as runners up.

SQUASH

The Westlake Squash group continued to play on Wednesday afternoons thanks to the North Shore Squash Club who allowed us the use of their courts at this time. Several new players have begun to play and the more experienced squash players completed with success in the Auckland Secondary Schools Squash Tournament during the August Holidays. A team consisting of C. Blackwood, C. Beere, R. Higham, N. Nicholls, G. Stewart won the Plate round of the Boys team event.

SCHOOL ATHLETICS CHAMPIONSHIPS 1973

The School Athletic meeting was run over two days, one day being used for heats and the other for finals, to the pleasure of our athletes. Both days were fine and some extremely good results were recorded, the most outstanding athlete of the day being Paul Baker, our top senior. The Tug-O-War once again proved very popular and some close bouts were recorded.

ZONAL MEETING

This year we competed in the Central Zone with the top Auckland colleges. Although our athletes tried they were unable to upset the more experienced club runners from these schools and unfortunately were in most events unplaced. On the completion of this meeting only one Westlake runner went forward to the Champion of Champions at Mt. Smart. This was our Junior 800 m.m. runner John McIntyre who was lucky, in a photo finish, to be placed.

1st SOCCER XI

Back Row: W. Hutchinson, A. Walker, J. Robinson, Mr. Matthews, T. Duff, J. Wigglesworth.

Front Row: G. Sutcliffe, P. Hos, K. Wigglesworth, L. Jones, J. Day, N. Mandell, M. McPetridge.

FIRST XI SOCCER

For the second successive year Westlake fielded the top Soccer team in Auckland. Indeed, the only defeat all year was to A.G.S. after the Senior "A" Championship had been decided. The outstanding player of the year was the Captain Lindsay Jones, his leadership on and off the field was of the highest possible standard, and he takes with him everyone's best wishes in his future Soccer career. The strength of the team lay in the very solid defence of Wayne Hutchinson, Andrew Walker, Tony Duff and Jeff Robinson in goal. Neil Mandell, John Day and Peter Hos worked with Lindsay Jones in mid-field to provide plenty of penetrating passes to the forwards, who made good use of them.

Shortly after the start of the season two forwards left and it was necessary to convert Ken Wigglesworth from an extremely solid left-back to a striker. His enormous goal tally speaks for itself. Aided by John McFetridge, Garth Sutcliffe, Michael Freeman and John Wigglesworth and forwards proved too fast and skillful for almost all the defences they met.

With six players back next year, and with the strength of Soccer in the lower grades, the school can look forward to another good season next year.

WESTLAKE V K.B.H.S. - JUNE 30th AT WESTLAKE

After receiving a fright in the 1st round against Kelston, Westlake took this game in a very serious mood and by half time this proved to be correct in that the score was 6-0 to Westlake. Westlake dominated all facets of play especially in midfield where L. Jones and N. Mandell excelled themselves. Westlake's key striker K. Wigglesworth was allowed plenty of room to move, thus resulting in four goals to his credit out of the six scored in the first half. In the second half Westlake released its grip on the game and could only score two further goals. The final score was 8-0 to Westlake and goal scorers were K. Wigglesworth (5), L. Jones (2) and N. Mandell (1).

WESTLAKE V A.G.S. - JUNE 7th AT WESTLAKE

After a slow start where A.G.S. scored a goal, Westlake started to click and played some beautiful football. With goals coming from G. Sutcliffe, L. Jones and T. Duff the score at half time was 3-1 to Westlake. In the second half Westlake completely demoralised A.G.S. with a run of five goals in quick succession. K. Wigglesworth with great shots scored all five goals. In this game Westlake played its best game of Soccer during the season with well controlled and direct football. N. Mandell, K. Wigglesworth and W. Hutchinson played good games. The final score was a very satisfying 8-2 win to Westlake.

WESTLAKE V M.A.G.S. - JUNE 2nd AT WESTLAKE

As both teams were unbeaten at this stage, this game was most important. Our ground was in perfect order as was the weather for this vital match. The score 5-1 belied the run of play which was even except for the last 30 minutes in the second half, when the Westlake machine started to click. K. Best (3), G. Caldwell and K. Wigglesworth scored for Westlake. This was a crunch match where Westlake gained the lead in the Senior "A" and never relinquished it from here on. Final score 5-1 to Westlake.

WESTLAKE V M.A.G.S. - JULY 21st AT M.A.G.S.

Played in a very strong wind blowing straight down the field. In the first half Westlake played against the wind and controlled most of the play. L. Jones (Capt) went off injured. By half time the score was 2 nil to Westlake, goals coming from M. Freeman and K. Wigglesworth. Straight after the second half had begun there came a demoralising run of three goals in about 3 minutes. These goals were scored by J. Wigglesworth, K. Wigglesworth and M. Freeman. Westlake used the right tactics in taking shots from all over the field with a very strong wind behind them and all 3 goals in the second half were scored in this manner. Final score 5-0 to Westlake.

WESTLAKE V LYNFIELD - MAY 3rd AT LYNFIELD

Westlake played their arch rivals Lynfield at their home ground. In this game Westlake played indifferent Soccer where things did not go quite right; passes going astray. By half time Westlake were 2-0 ahead with goals to L. Jones and G. Sutcliffe. The second half was a different story where Lynfield revived and had the Westlake defence under considerable pressure. They were rewarded with a goal coming in the middle of the second half but there was no further score and the final result was a 2-1 win to Westlake.

WESTLAKE V LYNFIELD - JULY 14th AT WESTLAKE

As usual this game against Lynfield was tough but Westlake had most of the play. Lynfield showed a sound defence against a strong Westlake attack, in particular the Lynfield goalkeeper, J. Reid, who played magnificently, and if it was not for him Westlake would have scored many times. At half time there was no score due to the saves made by the Lynfield goalkeeper. In the second half, Westlake found the net twice, with goals coming from a defender who had deflected L. Jones's shot and K. Wigglesworth (The "Doug"). The final score was 2-0 to Westlake.

THE CHRISTCHURCH TRIP

We set off in the dark early on Sunday morning, and arrived in Christchurch about 10 o'clock. The weather was fine but fairly cold. We met our billets and we were shown around Christchurch. Later in the day we had a long training session, despite the fact that some of the team members were suffering from flu.

We played our first game against St. Andrews College on Monday morning and we beat them 2-0 after Ken Wigglesworth rocketed home a shot from 25 yards. It started raining on Monday night and by morning it hadn't stopped and the fields were waterlogged. We played Mt. Roskill in "swamp" conditions and we played a very enjoyable but uncomfortable game in the cold weather, beating them 6-0. The next day we played Wellington College in the same type of conditions and we qualified for the 1/2 final by winning 4-1.

On Thursday we played Linwood College in almost unplayable conditions and we were unlucky to be beaten on penalties after drawing 2-2. On Thursday night we met in Town and had a meal and everybody was in a good mood despite our loss and we had a good time.

On Friday we played a friendly game against Christchurch Boys and we beat them 4-1. We left from Christchurch airport that night and arrived at Auckland around 12 o'clock.

SENIOR "B" SOCCER

At the beginning of the season the team had the appearance of being solid in defence and well balanced throughout. In non-competition matches, they gave a good account of themselves except for the odd occasion when a ball handling mistake at a vital moment cost them the match, as happened playing a North Shore United team in the last few minutes. As the season progressed the team's playing improved but it was still unable to finish off some goal-scoring opportunities which cost them several matches. In the latter part of the season the team fielded different combinations of players with a degree of success. The team played a relaxed style of football and this was reflected in the turn outs to training sessions. The exception to this was the first match against Rangitoto College, when every player gave "their maximum" effort and were unlucky not to win. This was one of the best and most enjoyed matches of the season. The most outstanding and consistent player in the team was John Wigglesworth. John was transferred late in the season to the 1st eleven reserves, although continued to play for the Senior "B" until the season's close.

TEAM: Tony Day (Capt), Adrian Hayman, John Wigglesworth, Harry Cullen, Ian Pasalič, Ross Breneton, Eugene Croenewegen, Spencer Lawes, Mark Maxell, Brian Williams, Nick Mandy, Terry Wood, Douglas Batt, Steven Edmonds, Michael Livingston and Tim Kershaw.

RECORD:

Competition v	
St. Pauls	Lost 1-4
Rangitoto College	Drew 1-1
Takapuna Grammar	Lost 0-3
Northcote College	Cancelled
Seddon	Won 6-2
St. Pauls	Lost 1-4
Rangitoto College	Lost 2-3
Takapuna Grammar	Lost 0-4
Northcote College	Drew 1-1
Seddon	Won by default

UNDER 14 SOCCER "A" AND "B"

These Soccer teams had a very spasmodic season with only a few wins. However there was a distinct improvement throughout the season both in skill and team work generally.

FENCING

The school has recently brought sufficient electrical equipment for pupils to take part in open competitions and reasonable success has been obtained by the school in these competitions. The most successful school competitor has been R. Fluskey who was second in the Auckland Secondary School trials and who reached the quarter final in the New Zealand Secondary School championships under the hardship of a recent bad bout of flu.

1st HOCKEY XI

Back Row: H. Battaerd, E. Fudge, M. Thomas, Mr. Gillion (coach), P. Kingett, I. Armstrong, P. Dickie.

Front Row: G. Leese, G. Lyons, P. Battaerd, A. McNaughton, M. Williscroft.

FIRST XI HOCKEY REPORT 1973

TEAM: P. Battaerd (Capt), A. McNaughton (Vice-Capt), T. Hamilton, P. Dickie, G. Leese, G. Lyons, H. Battaerd, P. Kingett, E. Fudge, I. Armstrong, M. Thomas, M. Williscroft, D. Forster (Sub Goalie), Mr Gillion (Coach)

Owing to the team's relative inexperience it was decided to enter the Secondary School's Senior 'B' competition for the season. The team went through the competition undefeated and recorded some well-earned victories: e.g. beat Kings 8-1, Rosehill 5-0 and Auckland Grammar School 8-0. However, Avondale also was undefeated and Westlake met them in the final. After a shaky first half Westlake found themselves 0-2 down and things looked grim. In the second half the team settled down and played some excellent hockey. With fifteen minutes to go G. Lyons scored a good goal from a penalty corner and although Westlake continued to pressure Avondale's goal they could not score and thus lost 1-2. With this loss Westlake was runner-up in the competition.

In non-competition games Westlake beat Fairfield 4-2, lost to Whangarei 2-6 as well as having several pre-tournament "warm-ups" with Navy which were enjoyed by both sides. During the August holidays the team departed for the tournament at Wanganui. We met with mixed success and although we recorded two good wins, the two draws on the first day put Westlake out of the running.

<u>RESULTS:</u>	v Wanganui Boys High School	2-2
	v Kamo (Whangarei)	4-4
	v Wanganui Collegiate "A"	lost 1-6
	v Whakatane	won 8-0
	v Kelston	won 6-2
	v Papatoetoe	lost 1-2

In the overall results Westlake was placed sixth out of twelve and centre forward Tony Hamilton was chosen for the tournament rep side. The tournament ended with all team members having enjoyed themselves immensely. Thus came the end of the season with Westlake having both a successful and enjoyable season. The players who developed into outstanding players were T. Hamilton, P. Battaerd, A. McNaughton and G. Lyons, although the whole team played well throughout the season.

Our thanks to Mr. Gillion for the time and energy which he put into the team this season and we look forward to an even more successful season next year!

BADMINTON

This year badminton had to be organised by eight boys with the consent of Mr. Butt. We were left to look after ourselves. We arranged with both the fencing and the Table Tennis to share the Hall. One court was procured, so ten boys organised a round robin playing doubles. After initial problems has sorted themselves out everybody settled into enjoying themselves. The notable players were Graeme Fort, Max Horley and Kevin Marsh. The season only lasted the third term and we only played during the sports period.

TEAM: Graeme Fort, Ross McKitterick, Harry Cullen, Kevin Marsh, Max Horley, John Henderson, Stephen Cowan.

CRUSADERS

This year our Crusader leader was Stephen Young. Our meetings were held during lunchtimes on Mondays and Fridays in E12 under the guidance of Chris Hayden. Mondays involved an organised bible study and prayer time while Friday was usually taken up by having a sing-song with the accompaniment of a guitar which was then followed by a time for sharing and praying. Our Cultural assembly has been entertained by a Christian Musical group "The Certain Sounds" and various other speakers such as Tony Hopkins and Dennis Ackerman to name only a few. Many camps have been taken throughout the year and all turned out to be great successes. Sack camps were held in the Milford Baptist church house for a week during the mid year period and a mixed camp was held recently which all schools on the shore combined in and had an enjoyable time. A dinner is planned for the 6th of December. Although our name has been changed to Inter-School Christian Fellowship (I.S.C.F.) we still bear the name Crusaders and we are recognised as young people enjoying life in the reality of Christ.

ROWING

The school again had an active rowing season. Prospects looked mixed to begin with because very few senior rowers were returning for 1973 and intermediate and juniors were scarcely up to strength. However, the old hands did a grand job in holding the sport together and younger rowers made rapid progress. In this situation, the senior crew was not as strong as in some earlier years, but intermediate and juniors had a very successful season.

Seniors' training began with the camp at Lake Karapiro in January. This year nearly twenty rowers took part and all benefited greatly from the experience and dedication of our senior coach, Eric Craies. School crews again spent a short time at Karapiro before Maadi Camp, and we are indebted to the Auckland Rowing Association for the use of the Stevenson Lodge.

The highlight of the year, undoubtedly, was the purchase of a rowing eight for the school. Under the Chairmanship of Mr R.B. Darlow (Manager of the Senior crew for the previous three years), a committee of parents did a splendid job in rallying support. On September 20th, a gleaming new eight - the Bob Darlow - was an accomplished fact, set up in the school hall and handed over formally at a function attended by nearly 200 people.

This dramatic progress from "rags to riches" has given a tremendous boost to school rowing, especially as Mr. Darlow's committee has also been able to hand over a new trailer. In addition, the school itself has obtained a training eight and training four. All rowers look forward to making the best of their good fortune in the 1974 season.

In maintaining Westlake's record in school rowing, much depends on the enthusiasm and hard work of our coaches, who give up countless hours to help. Mr. Eric Craies has now looked after the school crew for ten years, and we were fortunate that he was again available. Gordon Nicol (Intermediate), Peter Rea (Intermediate Four), Dave Fredric (Junior), Nick McMaster (Junior) and Harry McQuay (Beginners), are all Westlake Old Boys who gave excellent service during the season. Fortunately most of them, together with Graeme Darlow, will again be coaching for the school in 1974.

Crews for 1973 were:

Senior: M. McIntyre (stroke), M. Lonie, G. Ball, J. Sayers, A. Harris, I. Hamilton, D. Nelson, P. Redpath, G. Chaplin (Cox), L. Molving.

Intermediate: B. Crossley (stroke), J. Hanson, P. Stick, S. Molving, R. Stevens, G. Hall, M. Hunter, S. Roberts, K. Pearson (Cox).

Intermediate: G. Rick (stroke), S. Donn, M. Wilson, T. Gannaway,
Four: J. Lawrence (Cox).

Junior: M. Stanley (Stroke), F. Schaumkel, G. Edmonds, G. Kiddell, S. Gray, N. Brothers, G. Deed, I. Abercrombie, D. Pearson (Cox), J. Seadon.

1st XI CRICKET

Back Row: A. Thompson, A. Waugh, G. Goudie, J. Robinson, S. McCulloch, Mr. Matthews (Coach).

Front Row: W. Manning, D. Tremain, J. Cotton, I. Hunt, T. Logan, D. Harris, M. Nichols.

CRICKET 1973

1st ELEVEN

Dr. Jekyll and Mr. Hyde had nothing on the schizophrenic nature of this year's team. In the first half of the season, we got off to a fine start, showing ability and confidence. Six victories in a row put them well clear at the top of the Senior "A" Championship. No one player can take the credit, as it was a genuine team effort. Main factors were the fast in-swing bowling of Gavin Goudie and the slow left-arm spin of the Captain Ian Hunt. All the batsmen were making steady contributions to the score cards. The performances in October and November were very disappointing but there were, however, some highlights to brighten the gloom. Tom Logan emerged as an outstanding opening bat, especially with a fine 73 against A.S.S. when under real pressure. The bowling of John Cotton and Alan Waugh continued to improve. With many of this talented team returning next year, a good season will be a prospect, provided the lesson has been learnt that talent alone is not enough. It must be supported by hard work at practice and sustained concentration in the matches. At the time of writing this report, it seems likely that the team will finish runners-up in the Senior "A" Championship, a performance only managed once before by a Westlake Cricket side.

Results:

Mt. Albert Grammar.

Result: Mt. Albert 101 (Hunt 3-5) 133-7 (Cotton 3-16)

Westlake 135 (Thompson 42, Cotton 30) 41-8

1st innings win

For the first game against such a strong side this was an excellent start by a relatively inexperienced team. Some key players were missing from the line up and this made the result even more commendable.

St. Peters.

Result: Westlake 102 82-2 (Harris 27, Thompson 23, Logan 23 n.o.)

St. Peters 43 (Goudie 4-11) 125 (Nicholls 4-25)

Outright win.

This game produced several good performances and an excellent piece of captaincy by Ian Hunt in making such a good declaration, which produced a close exciting finish.

Kelston.

Result: Westlake 161 (Waugh 33) 39-5 Declared (Logan 24)

Kelston 86 (Hunt 5-6) 67-5

1st innings win

After a good 1st innings total and good bowling from Hunt Kelston did not accept the challenge we set them and the game died to a dull 1st innings win.

Sacred Heart.

Result: Sacred Heart 120 (Goudie 5-35) 19 (Goudie 8-5)

Westlake 150 (Logan 35, Robinson 36)

On a rain affected pitch with the team at one stage struggling to overtake the Sacred Heart total Gavin Goudie bowled better than ever before to achieve fantastic bowling figures and enable us to take another outright win.

St. Kentigerns.

Result: St. Kents 151 (Purvis 3-20, Waught 3-23)
Westlake 124 (Hunt 48, Logan 37)
1st innings loss.

Because of the wet conditions our opening bowler Goudie could not bowl and this affected our performance; possibly by bowling first we threw the game away. The batting had few bright moments with most batsmen throwing away their wickets.

Auckland Grammar

Result: Westlake 77 (Harris 24) 141 (Logan 73)
A.G.S. 211, (13 without loss)
Outright loss.

Against a very good side with no obvious weaknesses the team, with the exception of a few players, came apart at the seams. High point for the side was Tom Logans incredible 73.

Results of Non-Competition games

v Takapuna Grammar

T.G.S. 123 Hunt 4 for 5, Nichols 4 for 27.
W.B.H.S. 125 for 8 Goudie 30, McCulloch 32 n.o.

v Whangarei B.H.S.

W.B.H.S. 186 McCulloch 31 n.o. Nichols 28.
Whangarei 168 Goudie 3 for 19.

v North City.

W.B.H.S. 150-8 dec. Logan 27, Cotton 27, Harris 25.
N. City 133 Hunt 5 for 22

v Tauranga College.

Tauranga 118 Goudie 4 for 23, Cotton 4 for 17.
W.B.H.S. 54 Thompson 24.

v Old Boys & Staff.

W.B.H.S. 146 Hunt 55, Nichols 30 n.o.
Old Boys 143 Waugh 5 for 27.

4B CRICKET

4B Cricket have had a very good season so far under the able leadership of Dennis Deboer and Graham Ross. During the 1st term 6 games were played for 1 outright win against Auckland Grammar, 4 first innings wins and one draw. At this stage we were leading the competition with 27 points. So far this term we have played 4 games with 2 first innings wins, 1 first winnings loss and 1 win by default. With only two games to go there is a good chance of winning the competition. The star player has been Richard Falwasser who has had many good opening stands and often destroyed the opposing team with his bowling. Larry Mitchell has also batted very well in opening partnerships with Richard.

3A CRICKET

TEAM:

B. Purvis (Capt), K. Woolnough, J. Wallwork, N. O'Brien, R. O'Dowd, C. Rowe, R. Austin, M. Hunter, R. Wilks, I. MacLaren, F. Schaumkel, R. Falwasser, A. Harris, G. Nicol, I. Moore, P. Clarke, Mr. R. Smith (Coach).

RESULTS:

v A.G.S.	First Innings loss
v H.H.S.	Drawn Game
v K.B.H.S.	First Innings win
v S.P.C.	Outright win
v M.A.G.S.	Outright loss

3A enjoyed a moderate degree of success. It experienced a full range of results, apart from a tie. The standard of competition in the grade was high and the team acquitted itself well. Craig Rowe showed much determination in his approach, Nigel O'Brien and Keith Woolnough were sound in their techniques. Bruce Purvis, until he was promoted to the First Eleven, led the team well, while in the last game Richard Falwasser gave the lie to the straight bat approach by swinging lustily and successfully.

HARRIERS

During the second term a group of boys ran in the school sports periods on Wednesday over courses extending from Northcote in the West to Northcross in the North. The interclass competition for the Owen Cleghorn Memorial Shield was competed for at the end of the second term in very wet conditions. Results were:

	<u>1st</u>	<u>2nd</u>	<u>3rd</u>
3rd Form	3L 216	3D 264	3K 304
4th Form	4L	4C	4B
5th Form	5K		

The individual Cross Country Championship was run in fine weather at the beginning of the third term. This was used as a basis for selecting the teams for the Inter-Secondary Cross Country.

<u>Results:</u>	<u>Seniors</u>	
	1st N. Evans (7 Ec)	17m 24
	2nd P. Hos (7 Comp)	17m 52
	3rd C. Nordstrand (6 Geog.)	18m 19
	<u>Intermediate</u>	
	1st J. Thompson (5B)	18m 6
	2nd B. Nordstrand (4C)	18m 37
	3rd B. Seay (4C)	18m 54
	<u>Junior</u>	
	1st J. McIntyre (4C)	18m 32
	2nd R. Nordstrand (3K)	18m 41
	3rd D. Voyce (4M)	19m 23

The St. Kentigerns course was once again used for the Interschool meeting and again Kings College made a clean sweep of the three age groups for the teams race in "A" grade. Westlake placings were as follows: Senior 4th, Intermediate 3rd, Junior 4th. R. Nordstrand came 3rd in the Junior race.

A North Shore event was held at Glenfield for local schools and Neil Evans confirmed his ability by easily defeating Alan Gibson of Rangitoto who is the Senior A grade intersecondary champion.

SENIOR "A" BASKETBALL

Back Row: J. Dillon, B. Farquharson, M. McMaster.
 Middle Row: A. Walker, G. Goudie, R. Kuluz, Mr. T. Dowling (Coach)
 Front Row: D. Dowsett, P. Ogilvy (Capt), W. Etherton.

BASKETBALL REPORT 1973

COACHES REMARKS

A very disappointing season for all 3rd form teams as no other college would take on the responsibility of organising a firm competition. A lot of enthusiasm was shown by the 3rds at basketball and fortunately $\frac{1}{2}$ way through the season games were obtained for our top 2 teams with the appreciated help of Rangitoto College.

JUNIOR "A"

A team with good potential, more if they can remain together. Played spasmodically and more time on offensive moves must be used. A well balance team with good spirit. "A2" team finished behind "A" team at completion of season. Unfortunately they did not have a steady coach.

INTERMEDIATE "B"

Full marks to the Intermediate "B" squad who organised themselves with a minute's notice into a formidable team. This team displayed a real enthusiasm for the game and obviously got great enjoyment from playing it. It makes one revalue his thinking on the profitability of having firm competition. Once again because of lack of help no competition was organised for the Intermediate "B's".

SENIOR "A"

A keen and well balanced squad. This team although at the start of the season appeared only average to former years certainly proved themselves as we went through the season. Although at times well behind, the team continued to try and did not give in at any stage. Team spirit prevailed throughout the season and went on a very successful Gisborne trip. This team proved valuable in assisting us in the coaching of the 3rd formers and I would like to thank those players concerned. I hope next year we will have more staff coaches to assist in the development of this sport and thereby allowing more time for individual team coaching.

Paul Ogilvy: (Captain) High scoring average, good guard able to set up attacking plays. Dislikes travel and will not go anywhere without his cuddly pillow. Suggests sleeping in vertical position suspended by neck for 6 months to gain more height. Nicknamed Pitchfork by contemporaries. A terrible guttler.

Dave Dowsett: Good scoring average. Teams well with Paul and vice versa. Has trouble with his comprehension, perhaps of scotch origin. His mania is to beat Mr. Dowling at round the ring. Nicknamed Flo or sometimes Lillie.

Michael McMaster: Alias Squeek to team. Shooting improved vastly over the season. First up court on attack (perhaps he stays there). Reputed to be a fair cook, snores, enjoys cold swims. Obviously built for surfing.

Rick Kuluz: Good rebounder and aggressive player. Extremely interested in Gisborne's landscape. A lousy photographer and a worse traveller. Hates bacon and egg pies. Alias McHardy.

Bruce Farquharson: Good valuable, reliable team member. Nicknamed Auntie Bruce by the team. Has a good strong right arm, but is apt to tire over the last mile. Receives little in return for his valuable service, wants nothing.

Andy Walker: Looks after team's comb. When warm, rebounds well. Both shooting and rebounding have improved over season. Likes sleeping and eating. Obviously a masochist as he enjoys beating himself on the head with the team's comb.

Gavin Goudie: Utility forward, centre. Likes eating raw potatoes in bed, snores. A rotten snooker player, Nickname Gav. Ambition to return sack of spuds (with interest) to Management.

Rick Stevens: Played Senior B but accompanied team to Gisborne. Fitted in well with the team. Obviously enjoys Basketball more than swimming. Has trouble with his putting.

Alan Menzies: Called the Body or legs by team. Enjoys heights and likes sleeping in, eats little. Enjoys window shopping, good potential if he could stand the pace.

Jeremy Dillon: Good steady set shot, plays shoot, likes surfing and jeeps. Could develop into a valuable player.

Once again my personal thanks to teachers and pupils who have assisted me throughout the season.

NORTHERN ZONE FINAL COMPETITION

Over the years it has developed into an extremely tough competition with all the major schools entering strong teams. At the beginning of the season we found ourselves coming out winners on every occasion and because of this I feel we took the clashes with our major opponents too lightly. There were many faults with our tactical play but because of the superb goal shooting of captain Paul Ogilvy, Dave Dowsett and Rick Kuluz we weren't too concerned with them. In our early encounters with teams such as Rangitoto and Takapuna Grammar we were clear victors, then when we met Northcote our unpolished routines showed up and although games were always very close between us we could never seem to come out victors. In the Northern Zone Final we entered the competition hoping to come at least second to undefeated Northcote and maybe getting trip to Dunedin. These hopes were dispelled when two of our main players were laid off sick and our aim lost when we were beaten by Rangitoto (previously twice beaten). Our second game was won with ease over a less skilled country team 63-38 and we ended up with third place in the competition behind Northcote and Rangitoto.

AUCKLAND CITY CHAMPIONSHIPS

Westlake v Edgewater (winners of Southern Zone) - Score: 55-43. This our first game in the champs proved to be a reasonable challenge for a 1/2 final win. Early in the game, not having warmed up, Edgewater took the lead, capitalising on Westlake's mistakes. After a team talk with the Coach, and a change of tactics, we soon gained control of the game. Edgewater seeing defeat close at hand, mounted an all-out offensive which Westlake found very tough, although at the final whistle Westlake managed to scrape in and win.

Westlake v Northcote (semi-final) - Score: 39-34. Northcote, our old rivals, once again met us on the floor. Already knowing their style of play we knew we had to play well and our shots had to make the ring. Northcote went into an early lead taking advantage of our mistakes. This time Westlake was determined to fight back with guts and determination. Westlake gradually closed the gap, scoring basket after basket, pegging Northcote to a 5 point lead.

Westlake v Auckland Grammar School - Score: 46-42

Westlake had to play this game in the afternoon of the Northcote game and weren't prepared for this as several of our players had other arrangements so had to get a Senior "B" player to play for us. Westlake got off to a good start, and hustled A.G.S. into many errors and managed to take an early lead. At halftime Westlake had an 8 point lead but A.G.S. with tighter play and a couple of fast breaks (their specialty) managed to overhaul our lead. In the last three minutes one of our top five was fouled off so the weakened team now had to try to apply the pressure on A.G.S. so as to force mistakes, but failed to, and lost the game by two baskets.

SENIOR "A" GISBORNE TRIP

After an arduous trip we finally arrived in Gisborne about five o'clock. One hour later we were settled into our cabins, cooking what was to be our normal meal for the next week - canned spaghetti, baked beans or mash. Mr. Dowling however, was determined to force upon us silverbeet which he had purchased in vast quantities on the way down. We gratefully declined the offer.

After 'spiritual' revivement the same night, and an exploratory trip into town we went to sleep in some of the most uncomfortable beds we have ever slept in. A fairly uneventful week found us frequenting the snooker rooms or the mini-golf course interspersed between infrequent games of basketball. We played three games and the results were as follows:

v Gisborne High School	won 56-38
v Gisborne Juniors	won 38-24
v Gisborne City & Dunsmore Team	won 62-36

Several personalities emerged on the tour, notably a long tall 5th former (whose internal capacity for liquid was not as large as he may have thought) and Auntie Bruce who became the steadfast 'mother' of the team keeping the rest of us in line and looking after the sick and 'ailing'.

Our thanks must go to Mr. Dowling for organising the trip and for everything he has done for us while playing basketball at this school. (Even if his driving did leave something to be desired).

SENIOR "B" BASKETBALL TEAM

We started the season with a large squad. Our coach Mr. Thom organised the side well and we began the season with several friendly games against Northcote and Rangitoto. Results seemed promising, there was some good talent, and a lot of height. Just as the team seemed about ready to enter the competition Mr. Thom was transferred to another school in the far north. With this loss the team seemed to fall apart, Mr. Dowling being fully occupied with coaching the Senior "A" was unable to organise a competition for us.

We rang around several schools but no one wanted to take on the responsibility of organising a North Shore Senior "B" competition. The team was changed around many times during the year but the consistent members were Harry Cullen, Bruce Clark, Craig Rowe, Rick Stevens, Paul Stick, Ian Pasalich, Keven Meiklejohn, Denis Gorge and others who

played for us such as Mark Lunny, Mark Daubney, Doug McCaffety, Tim Ganaway and Peter Battaerd helped us out in several of our games. For the last part of the year Mr. Harris ably took over Wednesday practices and generally organised the team. If we had had a proper competition the team could have developed much more potential than it did. Finally our thanks to those concerned, Mr. Dowling, the late Mr. Thom and Mr. Harris.

JUNIOR "A" BASKETBALL TEAM

Junior "A" ran in second this year due to the defaulting of Glenfield. The first game of the season was against Glenfield in a friendly match in which we were beaten soundly but determined to even the score next time. Before our next important game against "Northcote 1" we beat Rangitoto, and the "Westlake 2's" fairly easily. Then came the game against "Northcote 1". After a scrappy game, we came out losers by 18 points, the team just hadn't clicked but we were sure we could beat them next time. Before we played Glenfield again we beat Birkdale, Takapuna Grammar and Rangitoto again quite comfortably. Then came the next game with Glenfield. After a first half where the scoring had been low on both sides they started to take control and ran out convincing winners by 33-14. We were very disappointed but we had one more game to go with them.

In between our next game with "Northcote 1" we beat "Northcote 2", and "Westlake 2" again then the last game with Northcote. In a very even first half they came out leading 17-12. We went into the second half more hopeful than we had been before but a player in the shape of M. Newby wrecked our hopes again and we were beaten 35-22.

The most important game of the season was left, the final game against Glenfield. In a incredibly exciting first half each team scored basket for basket, they just edged ahead and at the half time whistle were leading by 3 points. We felt we had them this time, but something cracked in our defence and they started scoring freely through the use of their well practised fast break. We tried hard but just could not cut back their lead. At the final whistle the score was 60-30 to them. After that game we had to be content with second place. Richard O'Dowd with 70 and Duncan Harris with 52 were top scorers with N. O'Brien and M. Hardy playing well most games. T. Rhodes, M. Peek, S. Kuluz, also played their part. The team scored 168 for with 108 against. Our thanks to Mr. Dowling for coaching us so well. Played 10, Won 7, Lost 3.

JUNIOR "A2" BASKETBALL TEAM

The Junior "A2" played some good hard basketball against some tough opposition. Although we lost a few games we still got into competition and came third in the overall because Glenfield was disqualified. Thanks to Mr. Ralph for coaching the team. The outstanding players were S. Wilson, B. Norstrand, I. McNee and E. Tamatea.

GYMNASTICS

In the last week of October the school held its annual Gym championships. Considering how little time these boys have access to the Gymnasium the standard was very high among the six who contested the event. What the school really needs is a place where the equipment can be left assembled all the time. Geoffrey McNaughton followed up his Auckland Secondary school third form title by narrowly taking the school championship.

Final placings were:

1st G. McNaughton	47.7
2nd L. Mitchell	46.1
3rd W. Levick	44.9

DRAMA

1973 has seen new developments in Drama at Westlake. An interested group worked with Richard Brooke exploring improvisation and movement. As this group (including David Mahon, Adrian Hart, Colin Hawkes, Glen Spurdie) worked, the idea for a production emerged. Previously, there had been dissatisfaction with competitive festivals such as that run by the Theatre Federation and the "showpiece type" major production. Hence it was refreshing to see a production in which all contributed instead of being just directed by a producer. "Son of Man" by Denis Potter formed the basis for this production - however only the basis - parts were adapted and lines modified as felt fit. The prime concern was that the cast were involved and that through them the audience would leave still thinking about what they had experienced. Once staged it was certainly different from the run-of-the-mill school play - simple set, action taking place within the auditorium, simple, stark costumes, much mimed movement. Although the whole cast was totally committed to this production mention should be made of David Mahon as a very human Christ and Adrian Hart as a simpering Pontius Pilate.

Classroom Drama has continued to be important ranging from scripted plays to improvised scenes and dialogues. Thus, while apparently a quiet year for public performances, many exciting developments have happened.

MUSIC ACTIVITIES FOR 1973

The Carol Concert for 1972 followed the trend established over the past year, in which contemporary music and pupil participation were combined to present a Twentieth Century approach to the annual Christmas Festivities. The readings for this performance were specially chosen from writers of all literary styles and periods, and included several N.Z. works. Subdued lighting and effective use of candles gave a reminder of past more traditional Carol Concerts.

The major musical activity of any year comes about when instrumentalists and singers combine efforts and talents to produce an Arts Festival. The Westlake Arts Festival is one eagerly awaited by pupils and public alike, and each year presents the ever present problem of maintenance of a high standard of performance and a variety of new and attractive works for both performers and audience. This year was notable

for the compositions by pupils - a "Song Cycle" by Adrienne Jacka, "Piece for Flute and Harpsichord" by Lyn Davis, and a beautiful song for four part choir, flute obligato, and piano, "To Mary" by Richard Bonsall. The lighter side of musical entertainment was revealed with a performance of the "Toy Symphony" by Haydn in which music-making toys were played by a team of well known soloists - staff from both schools. Additional Arts Festival features were the Westlake Chorale under the direction of Miss Rhind, and a Baroque Trumpet Concerto by Torelli with Michael Craven as soloist: accompanied by the Westlake Chamber Orchestra. The rousing chorus "Ecce Gratvm" from "Carmina Burana" by Carl Orff rounded off a thoroughly enjoyable 1973 Arts Festival.

The Chamber Orchestra performed at the opening of a District Rotary Conference in March, and continued to develop in skill and technique throughout the year. The annual chamber music competitions exposed considerable talent, but the Torelli trumpet concerto was not up to the standard of other groups performing. Concerts for the Milford Harmony Club and the Library presentation rounded off a happy and enjoyable year.

Perhaps the most dramatic development on the musical scene has been within the field of band music. The Reizenstein Band grew from about 15 players to 32 and ended the year playing Carols at the request of the Takapuna City Council. After several most successful school performances, the band played twice for patients at the North Shore Geriatric Hospital, and then represented the school at the Secondary Schools' Music Festival in October. Their final official school function was the Senior Prizegiving where the evening was rounded off with a rousing version of numbers from "My Fair Lady".

The tour of Intermediate Schools by the combined orchestra, was replaced by a visit from the Band, playing well known marches and folksongs and the ever popular "My Fair Lady" selections. New sounds from within the band are produced by newly acquired saxophones and a bassoon. The continuing success of all instrumental work in the school is due to the support given by the itinerant teachers who produce a constant stream of instrumentalists. Our thanks go to Mrs. D. Smith, Mrs. L. Davies, Mr. R. Brinsden, Mr. A. Webster, Mr. C. Ainsworth.

At the end of 1973 Mr. McGuinness leaves Westlake and after several years of playing assistance in both orchestra and band, his services will be greatly missed.

LIBRARY

Two new features in the library this year-the Xerox copying machine and the paperback section.

The Xerox machine has had a lot of use, from both staff and students, and once the initial interest, bringing crowds of spectators everytime the green light shone and the buzzer buzzed, died down, it has fitted in reasonably unobtrusively. It perhaps breaks down a little too often, but then it is always repaired quickly; and it does not function consistently off one cent coins, which some might consider an imperfection. Nor does it produce canned ~~sax~~parilla, but even in the technological seventies one can't have everything.

The paperback section has been popular; here books of all types - poetry, novels, non-fiction, are bundled next to each other with no attempt at a classified order. The idea is to approach something of a bookshop appeal (although our shelving unfortunately makes cover display difficult), and encourage people to look at books and subjects they might not otherwise consider as being of possible interest to them. We hope to add two hundred or so books to this section each year.

It is good to see the Library being more widely used for activities other than reading and borrowing. The Film Club has had most of its screenings here this year; the P.T.A. have used it for a display of plans for the proposed student complex, a display of technical drawing has come over from the Technical Department, and poetry reading and music evenings have been held. We would like to see this use of the library for a wider range of cultural activities extended further.

It is necessary to thank all the school librarians who give up so much of their spare time throughout the year for the work that they have done. Not necessary as a matter of mere routine, but because, quite certainly, without them a library of this size could simply not function. Greg Pirie has been a thoroughly competent, helpful and reliable Head Librarian, and will be missed. Special thanks go to other librarians who are leaving this year.

Until fulltime Librarians are appointed to school libraries, and more adequate clerical assistance made available, so much of what a library should be doing in this age cannot be done. It is hoped that all the talk there has been over the past year about improved staffing for Libraries will lead to some action very soon. A library probably represents the single biggest financial asset in a school, and it is essential that it be properly and professionally staffed and organised.

HEAD BOY

WILLIAM GRANT FORSYTH

Grant has shown good academic standards over his years at Westlake. However, outside the classroom he has made a very wide contribution also. Head Boy and President of the Student Council in 1973 were the culmination of his activities in the student government field.

He made the student council into a responsible organisation which could achieve much in the running of the school. In doing this he showed plenty of initiative and determination, not being deterred in the face of possible opposition.

being deterred in the face of possible opposition. As befits someone prominent in student politics Grant has been in the school debating team since 1971 and was senior speech contest winner in 1973. His leadership and strength of character contributed much to the school.

DUX IN LANGUAGES

PIETER GEERT HOS

In 1973 Pieter is a candidate for scholarship. He is an outstanding student of Languages. In addition to success within the school Pieter was 1st in both the Alliance Francaise and Goethe Society Competitions for Auckland Secondary Schools. His quiet effective personality has impressed staff and students alike. As a prefect he showed excellent leadership qualities. He was in the very successful 1st XI soccer in 1972-73 and in the school cross-country team 1971-3.

SENIOR PREFECT

LINDSAY HOWARD JONES

As Senior Prefect Lindsay impressed staff with his efficient leadership in organising the prefects. He was respected as a mature person by pupils in all his activities.

In 1973 he received the Arthur Schubert Award for the most outstanding student in all aspects for that year.

In his academic studies Lindsay worked conscientiously, however it is with the 1st XI Soccer that Lindsay made his mark as Captain, leading the team to two very successful seasons. He was also in the Senior A Tennis team and Senior Cross-Country team.

A fine all round sportsman Lindsay has shown sensitive qualities of leadership and sportsmanship far above the norm.

DUX IN SCIENCES

JOHN GORDON HOSKING

In 1973 John is a candidate for Scholarship. He has shown excellent results in his academic work over the years. In 1972 he gained an A Bursary without any 7th form preparation.

Outside the classroom John has taken part in a wide variety of activities, developing into a keen squash player and respected prefect.

His attitudes complement his intellectual ability to make a student who will make a worthwhile contribution in the future.

VALEDICTORY

At the end of the first term Mr N.D. Christensen, who has been on the science staff for five years, left us to take up a position of responsibility at Rotorua. We know that Noel's enthusiasm for his subject and his willingness to take a full share of out-of-class activities will ensure his success in his new position.

Mr E.T.H. Huang also left us at the end of the first term after a brief period in the Mathematics Department to resume university work. During the remainder of the year, the vacancy his departure created has been filled successively by Mr T.O. O'Keeffe and Mr C.G. Anderson whose assistance has been greatly appreciated.

In June, Mr B.G. Thom joined the staff at Bay of Islands College. Since he joined us in 1970, Basil has played a part in the development of softball and basketball as sports in the school. His teaching in the Geography Department and his forthright approach in school administrative problems have been valued by his colleagues.

The end of the year sees the departure of three relieving teachers. Mr C.C. Ralfe in the Science Department, Mr N.R. Wooding in the Art Department and Mr Tomlinson in the Mathematics Department who have replaced teachers on leave during the year. All of these we wish well in their careers and to Mr Tomlinson the express hope that he will cherish pleasant memories of his sojourn "down under."

Mr J.O. McGuinness who has taught English and Social Studies as well as assisting with Music and running soccer during the four years since he came to us from Mt. Roskill Grammar School leaves us to join the staff at Glenfield College where we feel sure he will continue his part in these fields.

Mr G.M. Kelly, since joining us from Rangitoto College, has given the school two very full and active years as Head of the History Department and master in charge of rowing. He leaves us now to join the inspectorate, where his sound judgement and kindly friendship will be appreciated by a great number of our profession.
